

Using EYE cinema for our presentation proved to be a huge success according to my colleagues and probably, more importantly, our customers. The room itself was large, airy and extremely comfortable with plenty of room for everybody. We had the added facility of a writing table attached to each seat. Our sojourn to the G Hotel was another fantastic success, with a superb meal in opulent surroundings and for those who stayed over, it was a dramatic experience. Overall, it was a great night, one that was enjoyed by both my peers and my customers and one that broke a lot of records for medical education in the West of Ireland. Again, many thanks and congratulations on a job very well done.

Senior Medical Representative  
Merck Sharp & Dohme*

The EYE was a great way to start our Christmas party. Firstly it was great to do something different than meeting in a pub. Secondly, the organisation by the EYE staff was exactly as they had promised so it was totally stress free. Thirdly, the luxury cinema and the private reception area with the bar really is a unique experience.

Director  
HC Tax and Business Services Ltd*

Galway Chamber was delighted to hold our Annual Member's Diary Launch in the EYE cinema. The evening was a great success. The EYE is an excellent venue for any type of corporate event where you want something outside the box. We'll be back.
